Connecting you to quality health insurance plans

We just announced an extended **Special Enrollment Period** to help uninsured residents sign up for a health insurance plan offered by either of Access Health's two insurance carriers. The goal is to slow the spread of the virus and reduce its cost to all Connecticut residents which means everyone who needs it should get access to covered services and be tested and treated if necessary.

We are reaching out to you in light of the COVID19 situation. There is a real danger of families not seeking care because they are uninsured and afraid that they can't afford it.

Would it be possible for you to share with staff and clients?

What is Access Health CT?
Access Health CT was established under the Affordable Care Act. It's a place where individuals and small businesses can shop, compare and enroll in quality healthcare plans—and we are the only place where Connecticut residents can qualify for financial help.

Our mission to increase the number of insured residents… improve health care quality… lower costs… and reduce health disparities in the state of Connecticut.
