## **Next Meeting: Frequency**

## **Meeting Logistics: Time, Location and Day of the Week Preferences?**

## **Decision Points:**

### **Pilot Project Locations**

The City and consultants have three Pilot Project locations in mind. We'd like to discuss which we should do, which we should focus on, and what realistic goals should be for each pilot. Follow up conversation; are there actions that each group can take related to implementation? Who else should we bring in?
