**** COUNCIL MEMBER VIZZO-PANICCIA SECONDED.**

Council Member Baker expressed concerns about why there was a decrease in the City Clerk's office for the Typist II position. Council Member Brannelly explained that the Committee had eliminated all the vacancies. However, while the Committee acknowledged the difficulty that the City Clerk's office was experiencing, the Committee felt that it would be self-serving since the Council Members would benefit while other departments took a cut.

Council Member Holloway pointed out that the office was closed to the public already on one day a week. He said that this was not the time to cut the position. Council Member Baker said that the City Attorney had made reference to the fact that there was a backlog on the processing the legal matters. He said that this was important to keep up with the work.

Council Member Brannelly said that the past weeks were difficult for all the departments. She said that the public had spoken loud and clear about this. All the vacant positions were eliminated.

Council Member Baker said that there was \$93,000 allocation to the Legislative Department. He said that he did not see any cuts in the Legislative office. Council Member Brannelly replied that

the funds were there for the Council to have outside counsel. The Committee discussed this and decided not to cut it since there were several issues coming up where the Council Members may need outside counsel.

Council Member Baker asked if this was the entire budget. The Mayor then said that it was the vote on the entire budget. Council Member Baker then thanked everyone for the amount of time that they had put in on the budget. He said that he wanted to apologize to the taxpayers of Bridgeport for the increase. It is a very hard thing to do without an independent financial advisory or receiving the information in a timely manner. He said that it was hard when the Committee meetings were cancelled for lack of quorum or when the department heads could not answer information when asked. He then went on to speak about the fact that his district has many seniors who are struggling due to the fact that there will be a WPCA increase.

Council Member Brannelly cautioned everyone that if the budget failed to pass, the budget would revert back to the Mayor's Proposed Budget. She reminded everyone that the .75% increase would be at risk.

Council Member Brantley said that she had originally planned not to vote for this budget. However, this is a choice between a rock and a hard place.

Council Member Lyons said that she attended a major portion of budget meetings and would be voting no.

Council Member Olson said that when he was elected to the Council two years ago, he had to adjust his viewpoint. He said that he was convinced that everyone on the Committee did their best.

**** THE MOTION TO APPROVE AGENDA ITEM 57-12(E) GENERAL FUND BUDGET FISCAL YEAR 2013-2014 AS AMENDED PASSED WITH EIGHTEEN IN FAVOR (BRANNELLY, STAFSTROM, BANTA, TAYLOR-MOYE, OLSON, BRANTLEY, MCCARTHY, AUSTIN, VIZZO-PANICCIA, BONNEY, BLUNT, DEPARA, SILVA, AYALA, MARTINEZ, MARELLA, PAOLETTO AND HOLLOWAY) AND TWO AGAINST (BAKER & LYONS).**

Council Member Brannelly said that this was her first budget committee as chair and that the Committee was more committed than she had ever seen. There was healthy debate. There were three public hearings. The goal was to have a zero tax cut. However, there are many amounts that can not be reduced. She then said that the Committee looked at this in a new way. The budget committee will be starting with initiatives to hold people accountable that will yield savings. She went on to list a number of projects that the Committee will be looking at. There have been discussions about raising fees and cooperation of the departments. It is critical that the State legislation be aware of all the services Bridgeport provides for the region.

The Committee has not followed up in the past but will be doing so in the coming year. Next year, at this time, the focus on the committee will be on the initiatives rather than dealing with

the shortfalls. Council Member Brannelly said that she was very sorry that there was increase and the Committee was not able to hold the taxes to zero. She spoke about her home and said that while her taxes would increase, she would be able to handle it. She was pleased that the Committee was able to come as close as they have.

Council Member dePara then spoke about how he was pleased that the budget was completed. However, there is much more to do. Council Member dePara said that he was aware of the additional burden that the Taxpayers will be taking on. There have been areas and issues that have been identified and the Committee will be dealing with them in order to

Council Member Martinez said that when she was getting ready to vote and she was thinking about voting no, but she had to be responsible. She went on to list numerous non-profits in her district such as churches, homeless shelters and various other groups that service the entire area. She came to be a responsible Council member and that was what she was doing.

Council President McCarthy said that he would be brief. He thanked the Budget Committee and that the City is the host for the hospitals, universities and other groups for the area. He reminded everyone that the Trumbull Mall is in Trumbull and pays its taxes to Trumbull. But Trumbull has a volunteer fire department. If there is ever a fire at the mall, Bridgeport will have to put the fire out. However, Bridgeport has found a way to keep things moving forward. He then referred to a document was distributed to the Council Members (See Attached).

Mayor Finch said that Governor Malloy's office announced that there would be 1 million dollars to clean the site for Heroes Village Urban Agriculture site and 1 million dollars to clean up the security building site in order to build 40 units of housing.
